

Con Edison Reports 2020 Earnings

February 18, 2021

NEW YORK, Feb. 18, 2021 /PRNewswire/ -- Consolidated Edison, Inc. (Con Edison) (NYSE: ED) today reported 2020 net income for common stock of \$1,101 million or \$3.29 a share compared with \$1,343 million or \$4.09 a share in 2019. Adjusted earnings were \$1,399 million or \$4.18 a share in 2020 compared with \$1,438 million or \$4.38 a share in 2019. Adjusted earnings and adjusted earnings per share in 2020 exclude the impact of the impairment loss related to Con Edison's investment in Mountain Valley Pipeline, LLC. Adjusted earnings and adjusted earnings per share in 2020 and 2019 exclude the effects of hypothetical liquidation at book value (HLBV) accounting for tax equity investments in certain renewable electric production projects of Con Edison Clean Energy Businesses, Inc. (the Clean Energy Businesses) and the net mark-to-market effects of the Clean Energy Businesses.

For the fourth quarter of 2020, net income for common stock was \$43 million or \$0.13 a share compared with \$295 million or \$0.89 a share in 2019. Adjusted earnings were \$253 million or \$0.75 a share in the 2020 period compared with \$288 million or \$0.87 a share in the 2019 period. Adjusted earnings and adjusted earnings per share in the 2020 period exclude the impact of the impairment loss related to Con Edison's investment in Mountain Valley Pipeline, LLC. Adjusted earnings and adjusted earnings per share in the 2020 and 2019 periods exclude the effects of HLBV accounting for tax equity investments in certain renewable electric production projects of the Clean Energy Businesses and the net mark-to-market effects of the Clean Energy Businesses.

"I want to thank our essential frontline employees for their dedication and sacrifice throughout the pandemic. Their exceptional work in providing safe and reliable energy to New Yorkers has made a critical difference throughout this most difficult year," said Timothy P. Cawley, Con Edison's president and chief executive officer. "Our commitment to delivering shareholder value and leading the transition to a clean energy future remains strong."

For the year of 2021, Con Edison expects its adjusted earnings per share to be in the range of \$4.15 to \$4.35 a share. Adjusted earnings per share exclude the effects of HLBV accounting for tax equity investments in certain of the Clean Energy Businesses' renewable electric production projects (approximately \$0.16 a share). Adjusted earnings per share also exclude the Clean Energy Businesses' net mark-to-market effects, the amount of which will not be determinable until year end. The forecast reflects operations and maintenance expenses of \$3,292 million. The company is also forecasting a five-year compounded annual adjusted earnings per share growth rate of 4% to 6% based off 2021 adjusted earnings per share guidance.

In 2021, Con Edison expects to make capital investments of \$4,018 million. For 2022 and 2023, Con Edison expects to make capital investments of \$8,114 million in aggregate. Con Edison plans to meet its capital requirements for 2021 through 2023, through internally-generated funds and the issuance of long-term debt and common equity. The company's plans include the issuance of between \$1,900 million and \$2,600 million of long-term debt, including for maturing securities, primarily at the Utilities, in 2021 and approximately \$1,400 million in aggregate of long-term debt at the Utilities during 2022 and 2023. The planned debt issuance is in addition to the issuance of long-term debt secured by the Clean Energy Businesses' renewable electric production projects. The company's plans also include the issuance of up to \$800 million of common equity in 2021 and approximately \$700 million in aggregate of common equity during 2022 and 2023, in addition to equity under its dividend reinvestment, employee stock purchase and long-term incentive plans.

See Attachment A to this press release for a reconciliation of Con Edison's reported earnings per share to adjusted earnings per share and reported net income for common stock to adjusted earnings for the three months and years ended December 31, 2020 and 2019. See Attachment B for the company's consolidated income statements for the three months and years ended 2020 and 2019. See Attachments C and D for the estimated effect of major factors resulting in variations in earnings per share and net income for common stock for the three months and year ended December 31, 2020 compared to the 2019 periods.

The company's 2020 Annual Report on Form 10-K is being filed with the Securities and Exchange Commission. A 2020 earnings release presentation will be available at www.conedison.com. (Select "For Investors" and then select "Press Releases.")

This press release contains forward-looking statements that are intended to qualify for the safe-harbor provisions of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements are statements of future expectations and not facts. Words such as "forecasts," "expects," "estimates," "anticipates," "intends," "believes," "plans," "will," "target," "guidance" and similar expressions identify forward-looking statements. The forward-looking statements reflect information available and assumptions at the time the statements are made, and accordingly speak only as of that time.

Actual results or developments might differ materially from those included in the forward-looking statements because of various factors such as those identified in reports Con Edison has filed with the Securities and Exchange Commission, including that Con Edison's subsidiaries are extensively regulated and are subject to penalties; its utility subsidiaries' rate plans may not provide a reasonable return; it may be adversely affected by changes to the utility subsidiaries' rate plans; the failure of, or damage to, its subsidiaries' facilities could adversely affect it; a cyber-attack could adversely affect it; the failure of processes and systems and the performance of employees and contractors could adversely affect it; it is exposed to risks from the environmental consequences of its subsidiaries' operations, including increased costs related to climate change; a disruption in the wholesale energy markets or failure by an energy supplier or customer could adversely affect it; it has substantial unfunded pension and other postretirement benefit liabilities; its ability to pay dividends or interest depends on dividends from its subsidiaries; it requires access to capital markets to satisfy funding requirements; changes to tax laws could adversely affect it; its strategies may not be effective to address changes in the external business environment; it faces risks related to health epidemics and other outbreaks, including the COVID-19 pandemic; and it also faces other risks that are beyond its control. Con Edison assumes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.

This press release also contains financial measures, adjusted earnings and adjusted earnings per share, that are not determined in accordance with generally accepted accounting principles in the United States of America (GAAP). These non-GAAP financial measures should not be considered as an alternative to net income for common stock or net income per share, respectively, each of which is an indicator of financial performance determined in accordance with GAAP. Adjusted earnings and adjusted earnings per share exclude from net income for common stock and net income per share, respectively, certain items that Con Edison does not consider indicative of its ongoing financial performance such as the impairment loss related to Con Edison's investment in Mountain Valley Pipeline, LLC, the effects of the Clean Energy Businesses' HLBV accounting for tax equity investors in certain renewable electric production projects and mark-to-market accounting. Management uses these non-GAAP financial measures to facilitate the analysis of Con Edison's financial performance as compared to its internal budgets and previous financial results and to communicate to investors and others Con Edison's expectations regarding its future earnings and dividends on its common stock. Management believes that these non-GAAP financial measures are also useful and meaningful to investors to facilitate their analysis of Con Edison's financial performance.

a. Under the revenue decoupling mechanisms in the Utilities' New York electric and gas rate plans and the weather-normalization clause applicable to their gas businesses, revenues are generally not affected by changes in delivery volumes from levels assumed when rates were approved. In general, the Utilities recover on a current basis the fuel, gas purchased for resale and purchased power costs they incur in supplying energy to their full-service customers. Accordingly, such costs do not generally affect Con Edison's results of operations.
