

Con Edison Executives to Attend Investor Conferences During the Week of December 4 to 8, 2023

November 30, 2023

NEW YORK, Nov. 30, 2023 /PRNewswire/ -- Consolidated Edison, Inc. ("Con Edison") (NYSE: ED) executives will meet with investors at a series of conferences the week of December 4 to 8, 2023. The company is making the presentation material available for viewing on its website.

Company executives will meet with investors at these conferences:

- Robert Hoglund, Senior Vice President and Chief Financial Officer of Con Edison, and Yukari Saegusa, Vice President and Treasurer of Con Edison, will attend a series of investor meetings from December 4 to 8, in the Asia-Pacific region.
- Steve Parisi, Senior Vice President, Central Operations, Consolidated Edison Company of New York, Inc., and Joseph Miller, Vice President and Controller of Con Edison, will attend the Mizuho Power, Energy & Infrastructure Conference on December 5, in New York City.
- Robert Sanchez, President and CEO, Orange and Rockland Utilities, Inc., and Joseph Miller, Vice President and Controller
 of Con Edison, will attend the Wells Fargo 22nd Annual Midstream & Utilities Symposium on December 7, in New York
 City.

The executives will discuss the company's financial results and business strategy, including its initiatives to create a clean energy future.

A copy of Con Edison's latest investor presentation for these meetings can be found on the <u>Presentations & Webcasts</u> page of the Company's Investor Relations website.

Consolidated Edison, Inc. is one of the nation's largest investor-owned energy-delivery companies, with approximately \$16 billion in annual revenues and \$64 billion in assets. The company provides a wide range of energy-related products and services to its customers through the following subsidiaries: Consolidated Edison Company of New York, Inc., a regulated utility providing electric service in New York City and New York's Westchester County, gas service in Manhattan, the Bronx, parts of Queens and parts of Westchester, and steam service in Manhattan; Orange and Rockland Utilities, Inc., a regulated utility serving customers in a 1,300-square-mile area in southeastern New York State and northern New Jersey; and Con Edison Transmission, Inc., which falls primarily under the oversight of the Federal Energy Regulatory Commission and manages, through joint ventures, both electric and gas assets while seeking to develop electric transmission projects that will bring clean, renewable electricity to customers, focusing on New York, New England, the Mid-Atlantic states and the Midwest.
