

Sale of Indian Point 1 and 2 Completed

September 6, 2001

NEW YORK, Sep 6, 2001 /PRNewswire/ -- Consolidated Edison (NYSE: ED) and Entergy Corporation (NYSE: ETR) today completed the sale to Entergy of Con Edison's Indian Point 1 and 2 nuclear power plants in Westchester County, N.Y. Indian Point unit 1 has been shut down and in safe storage since the early 1970s.

Indian Point 2 is Entergy's ninth operating nuclear unit, and fourth in the Northeast.

The sale places the two operating units at the Indian Point site under a single owner for the first time in their 25-year operating history. Entergy purchased Indian Point 3 from the New York Power Authority last November.

Entergy paid Con Edison \$502 million for the nuclear units, three gas turbines, and other assets. Entergy also paid book value, about \$100 million, for nuclear fuel. The companies also entered into a power purchase agreement for Entergy to sell the output of Indian Point 2 to Con Edison through the end of 2004, as well as a capacity purchase transaction agreement for Entergy to sell the installed capacity of Indian Point 2 to Con Edison through April 2005, with options for capacity purchases for another six years.

The nuclear businesses of Entergy Corporation are headquartered in Jackson, Miss. Entergy, a global energy company based in New Orleans, is one of the largest power generators in the nation with more than 30,000 megawatts of generating capacity, about \$11 billion in annual revenue and over 2.5 million customers. Entergy's nuclear businesses encompass five power reactors at four locations in Arkansas, Mississippi and Louisiana under regulatory jurisdictions, and four reactors in three locations in New York and Massachusetts. The Corporation is expanding into the competitive power market nationally by purchasing additional nuclear plants.

Con Edison is a subsidiary of Consolidated Edison, Inc., one of the nation's largest investor-owned energy companies, with more than \$10 billion in annual revenues and \$17 billion in assets. The utility provides electric, gas and steam service to more than three million customers in New York City and Westchester County, New York.
