The second part, the accompanying prospectus, gives more general information about securities we may offer from time to time, some of which does not apply to the common shares subject to the offering. Generally, when we refer to the prospectus, we are referring to both parts of this document combined. To the extent information in this prospectus supplement differs from information in the accompanying prospectus, you should rely on the information in this prospectus supplement.

You should rely only on the information contained or incorporated by reference in this prospectus supplement and the accompanying prospectus, in any related free writing prospectus filed by us with the Securities and Exchange Commission (the “Commission”), and in any communication from us or the underwriter specifying the final terms of the offering. We have not, and the underwriter has not, authorized anyone else to provide you with any different information. If anyone provides you with different or inconsistent information, you should not rely on it. We are not, and the underwriter is not, making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should not assume that the information contained in or incorporated by reference in this prospectus supplement, the accompanying prospectus or any free writing prospectus authorized by us is accurate as of any date other than the date of the document containing the information or such other date as may be specified therein. Our business, financial condition, results of operations and cash flows may have changed since those dates.

Storage, LLC (“CET Gas”). CET Electric owns a 45.7 percent interest in New York Transco LLC, which owns and has been selected to build additional electric transmission assets in New York. Also, CET Gas and CECONY own 71.2 percent and 28.8 percent interests, respectively, in Honeoye Storage Corporation, which owns and operates a gas storage facility in upstate New York. In addition, CET Gas owns an 11.8 percent interest (that is expected to be reduced to below 10 percent based on the current project cost estimate and CET Gas’ capping of its cash contributions to the joint venture) in Mountain Valley Pipeline LLC, a joint venture developing a proposed 300-mile gas transmission project in West Virginia and Virginia.

The completion of this offering is not contingent upon the completion of the debenture offering.

New York Stock Exchange symbol	“ED.”
Risk Factors	Investing in our common shares involves risks. See “Risk Factors” on page S-6 of this prospectus supplement.
Conflicts of Interest	To the extent the underwriter or its affiliate is a lender under the Term Loan that we intend to repay using the net proceeds of this offering, it is possible that the underwriter could receive 5% or more of the net proceeds of this offering, and in that case, the underwriter would be deemed to have a conflict of interest under Rule 5121 (Public Offerings of Securities with Conflicts of Interest) of the Financial Industry Regulatory Authority, Inc. (“FINRA”). In the event of any such conflict of interest, the underwriter would be required to conduct the distribution of our common shares in accordance with FINRA Rule 5121. Pursuant to that rule, the appointment of a “qualified independent underwriter” is not required in connection with the offering, as our common shares have a “bona fide public market” (as defined in FINRA Rule 5121). See “Use of Proceeds” and “Underwriting (Conflicts of Interest)—Conflicts of Interest.”

(1) The number of our common shares to be outstanding immediately after the offering is based on 334,915,708 common shares outstanding as of November 30, 2020.

USE OF PROCEEDS

The net proceeds (after deducting our estimated offering expenses) from the sale of the common shares in this offering are estimated to be approximately \$. The net proceeds from the sale of the common shares, together with the net proceeds from the sale of the Debentures in the debenture offering, will be used to repay in full the Term Loan, of which \$820 million was outstanding as of September 30, 2020. At September 30, 2020, the weighted average annualized rate for the Term Loan was 1.66%. The proceeds from the borrowings under the Term Loan were used for general corporate purposes, including repayment of short-term debt bearing interest at variable rates. The remaining net proceeds from the sale of the common shares will be invested by us in our subsidiaries, principally CECONY and O&R, and for other general corporate purposes.

**CERTAIN UNITED STATES FEDERAL INCOME AND ESTATE TAX CONSEQUENCES
FOR NON-U.S. HOLDERS**

The following summary discusses certain material U.S. federal income and estate tax consequences to “non-U.S. holders” relating to the purchase, ownership and disposition of our common shares. As used herein, a non-U.S. holder means a beneficial owner of our common shares that is not a “U.S. Person” (as defined below) or a partnership for U.S. federal income tax purposes. This summary is based upon the provisions of the U.S. Internal Revenue Code of 1986, as amended (the “Code”), U.S. Treasury regulations, rulings and judicial decisions, all as in effect on the date hereof. Those authorities may be changed, perhaps retroactively, so as to result in U.S. federal income tax consequences different from those discussed below. There can be no assurance that the Internal Revenue Service (the “IRS”) will agree with the statements herein. A “U.S. Person” means a beneficial owner of our common shares that is for U.S. federal income tax purposes:

- an individual who is a citizen or a resident of the United States;
- a corporation (or any entity treated as a corporation for U.S. federal income tax purposes) that is created or organized in or under the laws of the United States, any State thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust that (1) is subject to the primary supervision of a court within the United States and one or more U.S. persons have the authority to control all substantial decisions of the trust or (2) was in existence on August 20, 1996, was treated as a U.S. domestic trust immediately prior to that date, and has validly elected to continue to be treated as a U.S. domestic trust.

This summary deals only with our common shares held as capital assets within the meaning of section 1221 of the Code (generally, property held for investment). This summary does not address all of the U.S. federal income and estate tax consequences that may be relevant to a non-U.S. holder in light of such holder’s own particular circumstances, nor does it deal with special situations, such as:

- tax consequences to non-U.S. holders who may be subject to special tax treatment, such as holders of more than 5 percent of our outstanding common shares, dealers in securities, banks, insurance companies, partnerships or other entities or arrangements treated as pass-through entities for U.S. federal income tax purposes, certain former citizens or residents of the United States, “controlled foreign corporations,” “passive foreign investment companies,” corporations that accumulate earnings to avoid federal income tax, tax-exempt entities, common trust funds, certain trusts, hybrid entities, foreign governments, international organizations and dealers or traders in securities that elect to use a mark-to-market method of accounting for their securities holdings;
- tax consequences to persons holding our common shares as part of a hedging, integrated, constructive sale or conversion transaction or a straddle;
- any gift tax consequences;
- the Medicare tax imposed on certain investment income;
- alternative minimum tax consequences, if any; or
- any U.S. state, local or foreign tax consequences.

If a partnership (or other entity or arrangement treated as a partnership) holds our common shares, the tax treatment of a partner in the partnership generally will depend upon the status of the partner and the status and activities of the partnership. Prospective investors that are partnerships (or entities or arrangements treated as partnerships for U.S. federal income tax purposes) should consult their own tax advisers regarding the U.S. federal income and estate tax considerations to them and their partners of holding our common shares.

[Table of Contents](#)

THIS DISCUSSION IS FOR GENERAL PURPOSES ONLY. INVESTORS CONSIDERING THE PURCHASE OF OUR COMMON SHARES SHOULD CONSULT THEIR OWN TAX ADVISERS CONCERNING THE U.S. FEDERAL AND ESTATE TAX CONSEQUENCES TO THEM IN LIGHT OF THEIR OWN PARTICULAR CIRCUMSTANCES, AS WELL AS ANY TAX CONSEQUENCES ARISING UNDER THE LAWS OF ANY OTHER TAXING JURISDICTION, THE EFFECT OF ANY CHANGES IN APPLICABLE TAX LAW, AND THEIR ENTITLEMENT TO BENEFITS UNDER AN APPLICABLE INCOME TAX TREATY.

Dividends on Common Shares

If we make a distribution of cash or other property (other than certain pro rata distributions of our common shares) in respect of our common shares, the distribution will be treated as a dividend to the extent it is paid from our current or accumulated earnings and profits (as determined under U.S. federal income tax principles). If the amount of a distribution exceeds our current and accumulated earnings and profits, such excess first will be treated as a tax-free return of capital to the extent of the non-U.S. holder's adjusted tax basis in our common shares, and thereafter will be treated as capital gain. Distributions treated as dividends on our common shares held by a non-U.S. holder generally will be subject to U.S. federal withholding tax at a rate of 30 percent, or at a lower rate if provided by an applicable income tax treaty and the non-U.S. holder has provided the documentation required to claim benefits under such treaty. Generally, to claim the benefits of an income tax treaty, a non-U.S. holder will be required to provide a properly executed IRS Form W-8BEN or Form W-8BEN-E (or appropriate substitute or successor form) certifying its entitlement to benefits under the treaty.

If, however, a dividend is effectively connected with the conduct of a trade or business in the United States by the non-U.S. holder (and, if an applicable tax treaty so provides, is attributable to a permanent establishment or fixed base maintained by the non-U.S. holder in the United States), the dividend will not be subject to the 30 percent U.S. federal withholding tax (provided the non-U.S. holder has provided the appropriate documentation, generally an IRS Form W-8ECI, to the withholding agent), but the non-U.S. holder generally will be subject to U.S. federal income tax in respect of the dividend on a net income basis, and at graduated rates, in substantially the same manner as U.S. Persons. Dividends received by a non-U.S. holder that is a corporation for U.S. federal income tax purposes and which are effectively connected with the conduct of a U.S. trade or business may also be subject to a branch profits tax at the rate of 30 percent (or a lower rate if provided by an applicable tax treaty).

A non-U.S. holder that is eligible for a reduced rate of U.S. federal withholding tax under an income tax treaty may obtain a refund or credit of any excess amounts withheld by timely filing an appropriate claim for a refund together with the required information with the IRS.

Sale or Other Disposition of Common Shares

Subject to the below discussion of backup withholding, a non-U.S. holder generally will not be subject to U.S. federal income or withholding tax on gain realized on the sale or other disposition of our common shares unless:

- such non-U.S. holder is an individual who is present in the United States for 183 days or more in the taxable year of such sale or disposition, and certain other conditions are met;
- such gain is effectively connected with the conduct by the non-U.S. holder of a trade or business in the United States (and, if an applicable tax treaty so provides, is attributable to a permanent establishment or a fixed base maintained by the non-U.S. holder in the United States); or
- we are or have been a "U.S. real property holding corporation," which we refer to as a "USRPHC," under section 897 of the Code at any time during the shorter of the five-year period ending on the date of disposition and the non-U.S. holder's holding period for its shares of our common shares.

[Table of Contents](#)

Gain realized by such non-U.S. holder described in the first bullet above will be subject to a flat 30 percent tax (or such lower tax rate specified by an applicable income tax treaty), which may be offset by certain U.S. source capital losses.

Gain realized by a non-U.S. holder that is effectively connected with such non-U.S. holder's conduct of a trade or business in the United States generally will be subject to U.S. federal income tax on a net income basis, and at graduated rates, in substantially the same manner as a U.S. Person (except as provided by an applicable tax treaty). In addition, if such non-U.S. holder is a corporation for U.S. federal income tax purposes, it may also be subject to a branch profits tax at the rate of 30 percent (or a lower rate if provided by an applicable tax treaty).

Generally, a corporation is a USRPHC if the fair market value of its United States real property interests equals or exceeds 50 percent of the sum of the fair market value of its worldwide real property interests and its other assets used or held for use in a trade or business (all as determined for U.S. federal income tax purposes). Given the lack of clear guidance in this area, there can be no assurances that we are not or will not become a USRPHC. If, however, we were a USRPHC during the applicable testing period, non-U.S. holders owning (directly or indirectly) more than 5 percent of our common shares will be subject to different tax consequences and should consult their own tax advisers. U.S. federal income tax will not apply to gain realized on the sale or disposition of our common shares by a non-U.S. holder that owns (directly or indirectly) 5 percent or less of our common shares so long as our common shares are "regularly traded on an established securities market" (such as the NYSE) as defined under applicable Treasury regulations. However, we can provide no assurance that our common shares will remain regularly traded.

Information Reporting and Backup Withholding

Dividends and proceeds from the sale or other taxable disposition of our common shares are potentially subject to backup withholding at the applicable rate (currently 24 percent). In general, backup withholding will not apply to dividends on, or proceeds from the disposition of, our common shares paid by us or our paying agents, in their capacities as such, to a non-U.S. holder if the holder has provided the required certification (generally on Form W-8BEN or Form W-8BEN-E) that it is a non-U.S. holder and neither we nor our paying agent has actual knowledge (or reason to know) that the holder is a U.S. Person.

Generally, the amount of dividends on our common shares paid to a non-U.S. holder and the amount of any tax withheld from such dividends must be reported annually to the IRS and to the non-U.S. holder. Copies of these information returns may be made available by the IRS to the tax authorities of the country in which the non-U.S. holder is a resident under the provisions of an applicable tax treaty or agreement.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against a non-U.S. holder's U.S. federal income tax liability, provided the required information is furnished on a timely basis to the IRS.

Non-U.S. holders should consult their tax advisers regarding the application of the information reporting and backup withholding rules to them.

FATCA

The Foreign Account Tax Compliance Act provisions of the Hiring Incentives to Restore Employment Act and Treasury regulations thereunder, commonly referred to as "FATCA", generally, will impose a U.S. federal withholding tax of 30 percent on certain types of payments, including payments of U.S. source interest or dividends, made to (i) "foreign financial institutions" unless they agree to collect and disclose to the IRS information regarding their direct and indirect U.S. account holders or (ii) certain "non-financial foreign entities" unless they certify that they do not have any "substantial United States owners" (as defined in the Code) or furnish identifying information regarding each substantial United States owner (generally by providing an IRS Form W-8BEN or Form W-8BEN-E). In certain circumstances, the relevant foreign financial institution or

[Table of Contents](#)

non-financial foreign entity may qualify for an exemption from these rules, which exemption is typically evidenced by providing appropriate documentation (such as an IRS Form W-8BEN or Form W-8BEN-E). In addition, an intergovernmental agreement between the United States and the jurisdiction of a foreign financial institution may modify the information reporting and related rules under FATCA.

Non-U.S. holders are urged to consult their tax advisers regarding FATCA and the application of these requirements to their investment in the common shares.

U.S. Federal Estate Tax

Common shares owned or treated as owned by an individual who is not a citizen or resident of the United States (as specifically defined for U.S. federal estate tax purposes) at the time of death will be included in the individual's gross estate for U.S. federal estate tax purposes and may be subject to U.S. federal estate tax unless an applicable estate tax treaty provides otherwise.

This prospectus supplement and the accompanying prospectus may be made available in electronic format on the website maintained by the underwriter, or selling group members, if any, participating in the offering. The underwriter may agree to allocate a number of shares to the selling group members for sale to their online brokerage account holders. Internet distributions will be allocated by the underwriter to the selling group members that may make Internet distributions on the same basis as other allocations.

NYSE Listing

Our common shares are listed on the NYSE under the symbol "ED." We intend to list the common shares offered hereby on the NYSE.

Other Relationships

The underwriter and its affiliates are full service financial institutions engaged in various activities, which may include, among other activities, securities trading and underwriting, commercial and investment banking, financial advisory, corporate trust, investment management, investment research, principal investment, hedging, financing and brokerage activities. In the ordinary course of its business, the underwriter and/or its affiliates have in the past and may in the future provide us and our affiliates with financial advisory and other services for which it has and in the future will receive customary fees.

The underwriter or its affiliates have lending relationships with us. In addition, in the ordinary course of its business activities, the underwriter and/or its affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for its own account and for the accounts of its customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates.

The underwriter and its affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Conflicts of Interest

To the extent the underwriter or its affiliate is a lender under the Term Loan that we intend to repay using the net proceeds of this offering, it is possible that the underwriter could receive 5% or more of the net proceeds of this offering, and in that case, the underwriter would be deemed to have a conflict of interest under FINRA Rule 5121. In the event of any such conflict of interest, the underwriter would be required to conduct the distribution of our common shares in accordance with FINRA Rule 5121. Pursuant to that rule, the appointment of a “qualified independent underwriter” is not required in connection with the offering, as our common shares have a “bona fide public market” (as defined in FINRA Rule 5121). See “Use of Proceeds” for additional information on the Term Loan.

NOTICES TO INVESTORS

No Public Offering Outside the United States

Other than in the United States, no action has been taken by us or the underwriter that would permit a public offering of the securities offered by this prospectus supplement and the accompanying prospectus in any jurisdiction where action for that purpose is required. The securities offered by this prospectus supplement and the accompanying prospectus may not be offered or sold, directly or indirectly, nor may this prospectus supplement and the accompanying prospectus or any other offering material or advertisements in connection with the offer and sale of any such securities be distributed or published in any jurisdiction, except under circumstances that will result in compliance with the applicable rules and regulations of that jurisdiction. Persons into whose possession this prospectus supplement and the accompanying prospectus comes are advised to inform themselves about and to observe any restrictions relating to the offering and the distribution of this prospectus supplement and the accompanying prospectus. This prospectus supplement and the accompanying prospectus do not constitute an offer to sell or a solicitation of an offer to buy any securities offered by this prospectus supplement and the accompanying prospectus in any jurisdiction in which such an offer or a solicitation is unlawful.

European Economic Area

This prospectus supplement has been prepared on the basis that any offer of common shares in any Member State of the European Economic Area (the “EEA”) or in the United Kingdom (each, a “Relevant State”) will be made pursuant to an exemption under the Prospectus

Table of Contents

Regulation from the requirement to publish a prospectus for offers of common shares. Accordingly any person making or intending to make an offer in that Relevant State of common shares which are the subject of the offering contemplated in this prospectus supplement and the accompanying prospectus may only do so in circumstances in which no obligation arises for us or the underwriter to publish a prospectus pursuant to Article 1 of the Prospectus Regulation in relation to such offer. Neither we nor the underwriter have authorised, nor do they authorise, the making of any offer of common shares in circumstances in which an obligation arises for us or the underwriter to publish a prospectus for such offer. Neither we nor the underwriter has authorised, nor do they authorise, the making of any offer of common shares through any financial intermediary, other than offers made by the underwriter, which constitute the final placement of the common shares contemplated in this prospectus supplement and the accompanying prospectus.

In relation to each Relevant State, the underwriter has represented and agreed that with effect from and including the date on which the Prospectus Regulation was implemented in that Relevant State (the “Relevant Implementation Date”) it has not made and will not make an offer of common shares which are the subject of the offering contemplated by this prospectus supplement and the accompanying prospectus to the public in that Relevant State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such common shares to the public in that Relevant State:

- (a) to any legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (b) to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation), as permitted under the Prospectus Regulation, subject to obtaining the prior consent of the underwriter nominated by us for any such offer; or
- (c) in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of common shares shall require us or the underwriter to publish a prospectus pursuant to Article 23 of the Prospectus Regulation.

Each person in a Relevant State who receives any communication in respect of, or who acquires any common shares under, the offer to the public contemplated in this prospectus supplement and the accompanying prospectus will be deemed to have represented, warranted and agreed to and with the underwriter and us that:

- (a) it is a qualified investor within the meaning of the law in that Relevant State implementing Article 2(e) of the Prospectus Regulation; and
- (b) in the case of any common shares acquired by it as a financial intermediary, as that term is used in Article 1(4) of the Prospectus Regulation, (i) the common shares acquired by it in the offer have not been acquired on behalf of, nor have they been acquired with a view to their offer or resale to, persons in any Relevant State other than qualified investors, as that term is defined in the Prospectus Regulation, or in circumstances in which the prior consent of the underwriter has been given to the offer or resale; or (ii) where common shares have been acquired by it on behalf of persons in any Relevant State other than qualified investors, the offer of those common shares to it is not treated under the Prospectus Regulation as having been made to such persons.

For the purposes of this provision: (a) the expression “an offer to the public” in relation to any common shares in any Relevant State means the communication in any form and by any means of sufficient information on the terms of the offer and the common shares to be offered so as to enable an investor to decide to purchase or subscribe for the common shares, as the same may be varied in that Relevant State by any measure implementing the Prospectus Regulation in that Relevant State; and (b) the expression “Prospectus Regulation” means Regulation (EU) 2017/1129.

United Kingdom

In the United Kingdom, this prospectus supplement and the accompanying prospectus are being distributed only to, and is directed only at, and any offer subsequently made may only be directed at persons who are

The common shares applied for by Exempt Investors in Australia must not be offered for sale in Australia in the period of 12 months after the date of allotment under the offering, except in circumstances where disclosure to investors under Chapter 6D of the Corporations Act would not be required pursuant to an exemption under section 708 of the Corporations Act or otherwise or where the offer is pursuant to a disclosure document which complies with Chapter 6D of the Corporations Act. Any person acquiring shares must observe such Australian on-sale restrictions.

RISK FACTORS

Our businesses are influenced by many factors that are difficult to predict, that are often beyond our control and that involve uncertainties that may materially affect our actual operating results, cash flows and financial condition. These risk factors include those described in the documents that are incorporated by reference in this prospectus (see “Incorporation by Reference,” below), and could include additional uncertainties not presently known to us or that we currently do not consider to be material. ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement for the Securities that we have filed with the Securities and Exchange Commission (the “Commission”) using a “shelf” registration process. We may use this prospectus to offer and sell from time to time any of the Securities in one or more offerings. This prospectus provides you with a general description of the Securities. Each time we offer Securities, we will file with the Commission a supplement to this prospectus that will describe the specific terms of that offering. The specific terms of the offered Securities may vary from the general terms of the Securities described in this prospectus, and accordingly the description of the Securities contained in this prospectus is subject to, and qualified by reference to, the specific terms of the offered Securities contained in the applicable prospectus supplement. The prospectus supplement may also add, update or change the information contained in this prospectus, including information about us. If there is any inconsistency between this prospectus and the applicable prospectus supplement, you should rely on the information in the prospectus supplement. Before you invest, you should carefully read this prospectus, the applicable prospectus supplement and the information contained in the documents we refer to in this prospectus under “Where You Can Find More Information.”

This prospectus and any accompanying prospectus supplement contain and incorporate by reference information that you should consider when making your investment decision. We have not authorized anyone else to provide you with any additional or different information. You should assume that information appearing in this prospectus, any prospectus supplement and the documents incorporated by reference therein and in any related written communication that we provide or authorize is accurate only as of the respective dates of such documents. Our business, financial condition, results of operations and prospects may have changed since such dates.

Con Edison Transmission, Inc., through its subsidiaries, invests in electric and gas transmission projects.

Con Edison is a holding company that operates only through its subsidiaries and has no material assets other than its interests in its subsidiaries. Our ability to pay interest on the Debt Securities and dividends on the Common Shares is dependent on our receipt of dividends from these subsidiaries or proceeds from the sale by us of additional securities or assets. Our utility companies are subject to certain restrictions on the dividends that they may pay to us, as discussed in the notes to our consolidated financial statements in our most recent Annual Report on Form 10-K.

USE OF PROCEEDS

Unless we inform you otherwise in a supplement to this prospectus, we anticipate using the net proceeds received by us from the sale of the Securities for general corporate purposes, including, among others, investment by us in our subsidiaries, repayment of our short-term debt and repurchase, retirement or refinancing of our other debt securities. We may temporarily invest net proceeds prior to their use.

DESCRIPTION OF DEBT SECURITIES

The Debt Securities are expected to be issued under an indenture, dated as of April 1, 2002, between Con Edison and The Bank of New York Mellon (formerly known as The Bank of New York (successor as trustee to JPMorgan Chase Bank, N.A. (formerly known as JPMorgan Chase Bank))), as Trustee (“Trustee”), as amended and supplemented by a First Supplemental Indenture, dated as of August 1, 2009 (such Indenture, as amended and supplemented, is herein referred to as the “Indenture”), copies of which are included as exhibits to the registration statement of which this prospectus is a part.

The Debt Securities to be issued under the Indenture will be unsecured general obligations of Con Edison ranking equally and ratably in right of payment with the other unsecured debt securities of Con Edison issued under the Indenture that are not subordinated obligations of Con Edison (“Subordinated Securities”); provided, however, that if so provided in the prospectus supplement relating to a series of Debt Securities, the Debt Securities will be Subordinated Securities.

There is no requirement that future issues of Debt Securities of Con Edison be issued under the Indenture, and Con Edison will be free to employ other indentures or documentation, containing provisions different from those included in the Indenture or applicable to one or more issues of Debt Securities, in connection with future issues of such other Debt Securities. Any such other indenture or documentation would be described in a prospectus supplement or in a revision to this prospectus.

The Indenture does not specifically restrict the ability of Con Edison to engage in transactions which could have the effect of increasing the ratio of debt to equity capitalization of Con Edison or a successor corporation. For example, the Indenture does not limit the amount of indebtedness of Con Edison, the payment of dividends by Con Edison or the acquisition by Con Edison of any of the equity securities of Con Edison or Con Edison of New York. The Indenture also permits Con Edison to merge or consolidate or to transfer its assets, subject to certain conditions (see “Consolidation, Merger and Sale” below). Con Edison must obtain approvals from state and/or federal regulatory bodies to merge or consolidate.

The following summary of the Indenture does not purport to be complete and is subject to, and qualified in its entirety by reference to, the Indenture, including the definitions therein of certain terms.

General: The Indenture provides that the Debt Securities offered and other unsecured debt securities of Con Edison issued under the Indenture, without limitation as to aggregate principal amount (collectively the “Indenture Securities”), may be issued in one or more series, in each case as authorized from time to time by Con Edison.

Reference is made to the prospectus supplement relating to the Debt Securities offered for any of the following terms not provided herein:

- (1) the title of the Debt Securities;
- (2) the aggregate principal amount of the Debt Securities;
- (3) the percentage of the principal amount representing the price for which the Debt Securities shall be issued;
- (4) the date or dates on which the principal of, and premium, if any, on the Debt Securities shall be payable;
- (5) the rate or rates (which may be fixed or variable) at which the Debt Securities shall bear interest, if any, or the method by which such rate or rates shall be determined;
- (6) if the amount of payments of the principal of, premium, if any, or interest, if any, on the Debt Securities may be determined with reference to an index, formula or other method, the manner in which such amounts shall be determined;

Table of Contents

- (7) the date or dates from which any such interest shall accrue, or the method by which such date or dates shall be determined, the dates on which any such interest shall be payable and any record dates therefor and the basis for the computation of interest, if other than a 360-day year consisting of twelve 30-day months;
- (8) the place or places where the principal of, and premium, if any, and interest, if any, on the Debt Securities shall be payable;
- (9) the period or periods, if any, within which, the price or prices at which, and the terms and conditions upon which the Debt Securities may be redeemed, in whole or in part, at the option of Con Edison;
- (10) the obligation, if any, of Con Edison to redeem, purchase or repay the Debt Securities pursuant to any sinking fund or analogous provision or at the option of a holder thereof and the period or periods within which, the price or prices at which and the terms and conditions upon which the Debt Securities shall be redeemed, purchased or repaid pursuant to such obligation;
- (11) whether the Debt Securities shall be issued in whole or in part in the form of one or more Global Securities and, if so, the identity of the Depositary for such Global Security or Global Securities;
- (12) if other than \$1,000 or an integral multiple thereof, the denominations in which the Debt Securities shall be issued;
- (13) if other than the principal amount thereof, the portion of the principal amount of the Debt Securities payable upon declaration of acceleration of the maturity of the Debt Securities;
- (14) any deletions from or modifications of or additions to the Events of Default set forth in Section 6.01 of the Indenture pertaining to the Debt Securities;
- (15) the provisions, if any, relating to the defeasance of Debt Securities of a series prior to the maturity thereof pursuant to Section 12.02 of the Indenture (see "Satisfaction and Discharge of Indenture; Defeasance");
- (16) the terms, if any, upon which Con Edison may elect not to pay interest on an interest payment date;
- (17) the provisions, if any, relating to the subordination of the Debt Securities pursuant to Article 14 of the Indenture (see "Subordination"); and
- (18) any other terms of the Debt Securities not inconsistent with the provisions of the Indenture and not adversely affecting the rights of any other series of Indenture Securities then outstanding. (Section 2.03)

The terms of a series of Indenture Securities shall be established by or pursuant to a resolution of Con Edison's Board of Directors or any duly authorized committee thereof, and set forth in an Officers' Certificate, or established in a supplemental indenture. The provisions of the Indenture described above permit Con Edison, in addition to issuing Indenture Securities with terms different from those of Indenture Securities previously issued, to "reopen" a previous issue of a series of Indenture Securities and to issue additional Indenture Securities of such series.

The Indenture Securities will be issued only in registered form without coupons and, unless otherwise provided with respect to a series of Indenture Securities, in denominations of \$1,000 and integral multiples thereof. (Section 2.02) Indenture Securities of a series may be issued in whole or in part in the form of one or more Global Securities (see "Global Securities"). One or more Global Securities will be issued in a denomination or aggregate denominations equal to the aggregate principal amount of outstanding Indenture Securities of the series to be represented by such Global Security or Global Securities. (Section 2.01) No service charge will be made for any transfer or exchange of Indenture Securities, but Con Edison may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith. (Section 2.05)

One or more series of the Indenture Securities may be issued with the same or various maturities at par or at a discount. Debt Securities bearing no interest or interest at a rate which at the time of issuance is below the

[Table of Contents](#)

market rate (“Original Issue Discount Securities”) will be sold at a discount (which may be substantial) below their stated principal amount. Federal income tax consequences and other special considerations applicable to any such Original Issue Discount Securities will be described in the prospectus supplement relating thereto.

Subordination: If the prospectus supplement relating to a particular series of Indenture Securities so provides, such securities will be Subordinated Securities and the payment of the principal of, premium, if any, and interest on the Subordinated Securities will be subordinate and junior in right of payment to the prior payment in full of all Senior Indebtedness (defined below) to the extent set forth in the next paragraph. (Section 14.01)

In the event (a) of any distribution of assets of Con Edison in bankruptcy, insolvency, reorganization or receivership proceedings, or upon an assignment for the benefit of creditors, or any other marshalling of assets and liabilities of Con Edison, except for a distribution in connection with a consolidation, merger, sale, transfer or lease permitted under the Indenture (see “Consolidation, Merger and Sale”), or (b) the principal of any Senior Indebtedness shall have been declared due and payable by reason of an event of default with respect thereto and such event of default shall not have been rescinded, then the holders of Subordinated Securities will not be entitled to receive or retain any payment, or distribution of assets of Con Edison, in respect of the principal of, premium, if any, and interest on the Subordinated Securities until the holders of all Senior Indebtedness (or, in the circumstances described in the foregoing clause (b), all Senior Indebtedness due and payable by reason of such an event of default) receive payment of the full amount due in respect of the principal of, premium, if any, and interest on the Senior Indebtedness or provision for such payment on the Senior Indebtedness shall have been made. (Section 14.02)

Subject to the payment in full of all Senior Indebtedness, the holders of the Subordinated Securities shall be subrogated to the rights of the holders of the Senior Indebtedness to receive payments or distributions applicable to the Senior Indebtedness until all amounts owing on the Subordinated Securities shall be paid in full. (Section 14.03)

“Senior Indebtedness” means all indebtedness of Con Edison for the repayment of money borrowed (whether or not represented by bonds, debentures, notes or other securities) other than the indebtedness evidenced by the Subordinated Securities and any indebtedness subordinated to, or subordinated on parity with, the Subordinated Securities. Senior Indebtedness does not include customer deposits or other amounts securing obligations of others to Con Edison. (Section 14.01)

The Indenture does not limit the aggregate amount of Senior Indebtedness that Con Edison may issue. As of June 30, 2018, \$17.9 billion of Senior Indebtedness was outstanding, not including as “Senior Indebtedness” \$2 billion of guarantees by Con Edison of certain obligations of its subsidiaries.

Redemption: If the prospectus supplement relating to a particular series of Indenture Securities so provides, such securities will be subject to redemption at the option of Con Edison. Notice of any redemption of Indenture Securities shall be given to the registered holders of such securities not less than 30 days nor more than 60 days prior to the date fixed for redemption. If less than all of a series of Indenture Securities are to be redeemed, the Trustee shall select, in such manner as in its sole discretion it shall deem appropriate and fair, the Indenture Securities of such series or portions thereof to be redeemed.

Global Securities: The Indenture Securities of a series may be issued in whole or in part in the form of one or more Global Securities that will be deposited with, or on behalf of, the Depositary identified in the prospectus supplement relating thereto. Unless and until it is exchanged in whole or in part for Indenture Securities in definitive form, a Global Security may not be transferred except as a whole by the Depositary for such Global Security to a nominee of such Depositary or by a nominee of such Depositary to such Depositary or another nominee of such Depositary or by such Depositary or any such nominee to a successor Depositary or a nominee of such successor Depositary. (Sections 2.01 and 2.05)

The specific terms of the depositary arrangement with respect to any Indenture Securities of a series will be described in the prospectus supplement relating thereto. Con Edison anticipates that the following provisions will apply to all depositary arrangements.

Upon the issuance of a Global Security, the Depositary for such Global Security will credit, on its book entry registration and transfer system, the respective principal amounts of the Indenture Securities represented by such Global Security to the accounts of institutions that have accounts with such Depositary (“participants”). The accounts to be credited shall be designated by the underwriters through which such Indenture Securities were sold. Ownership of beneficial interests in a Global Security will be limited to participants or persons that may hold interests through participants. Ownership of beneficial interests in such Global Security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the Depositary for such Global Security or by participants or persons that hold through participants. The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to transfer beneficial interests in a Global Security.

So long as the Depositary for a Global Security, or its nominee, is the owner of such Global Security, such Depositary or such nominee, as the case may be, will be considered the sole owner or holder of the Indenture Securities represented by such Global Security for all purposes under the Indenture. Except as set forth below, owners of beneficial interests in a Global Security will not be entitled to have Indenture Securities of the series represented by such Global Security registered in their names, will not receive or be entitled to receive physical delivery of Indenture Securities of such series in definitive form and will not be considered the owners or holders thereof under the Indenture.

Payments of principal of, premium, if any, and interest, if any, on Indenture Securities registered in the name of or held by a Depositary or its nominee will be made to the Depositary or its nominee, as the case may be, as the registered owner of the Global Security representing such Indenture Securities. None of Con Edison, the Trustee or any paying agent for such Indenture Securities will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in a Global Security for such Indenture Securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Con Edison expects that the Depositary for Indenture Securities of a series, upon receipt of any payment of principal, premium, if any, or interest, if any, in respect of a Global Security will immediately credit participants’ accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Global Security as shown on the records of such Depositary. Con Edison also expects that payments by participants to owners of beneficial interests in such Global Security held through such participants will be governed by standing instructions and customary practices, as is now the case with securities registered in “street name,” and will be the responsibility of such participants.

If a Depositary for Indenture Securities of a series is at any time unwilling or unable to continue as Depositary and a successor depositary is not appointed by Con Edison within 90 days, Con Edison will issue Indenture Securities of such series in definitive form in exchange for the Global Security or Global Securities representing the Indenture Securities of such series. In addition, Con Edison may at any time and in its sole discretion determine not to have any Indenture Securities of a series represented by one or more Global Securities and, in such event, will issue Indenture Securities of such series in definitive form in exchange for the Global Security or Global Securities representing such Indenture Securities. Further, if Con Edison so specifies with respect to the Indenture Securities of a series, each person specified by the Depositary of the Global Security representing Indenture Securities of such series may, on terms acceptable to Con Edison and the Depositary for such Global Security, receive Indenture Securities of the series in definitive form. In any such instance, each person so specified by the Depositary of the Global Security will be entitled to physical delivery in definitive form of Indenture Securities of the series represented by such Global Security equal in principal amount to such person’s beneficial interest in the Global Security.

Payments and Paying Agents: Unless otherwise indicated in the prospectus supplement, payment of principal of and premium, if any, on Indenture Securities will be made against surrender of such Indenture Securities at The Bank of New York Mellon, Corporate Trust Division, 111 Sanders Creek Parkway, East Syracuse, NY 13057. Unless otherwise indicated in the prospectus supplement, payment of any installment of interest on Indenture Securities will be made to the person in whose name such Indenture Security is registered at the close of business on the record date for such interest. Unless otherwise indicated in the prospectus supplement, payments of such interest will be made at The Bank of New York Mellon, or by a check mailed to each holder of an Indenture Security at such holder's registered address.

All moneys paid by Con Edison to a paying agent for the payment of principal of, premium, if any, or interest, if any, on any Indenture Security that remain unclaimed at the end of two years after such principal, premium or interest shall have become due and payable will be repaid to Con Edison and the holder of such Indenture Security entitled to receive such payment will thereafter look only to Con Edison for payment thereof. (Section 12.05) However, any such payment shall be subject to escheat pursuant to state abandoned property laws.

Consolidation, Merger and Sale: The Indenture permits Con Edison, without the consent of the holders of any of the Indenture Securities, to consolidate with or merge into any other corporation or sell, transfer or lease its properties as an entirety or substantially as an entirety to any person, provided that: (i) the successor is a corporation organized under the laws of the United States of America or any state thereof; (ii) the successor assumes Con Edison's obligations under the Indenture and the Indenture Securities; (iii) immediately after giving effect to the transaction, no Event of Default (see "Default and Certain Rights on Default") and no event that, after notice or lapse of time, or both, would become an Event of Default, shall have occurred and be continuing; and (iv) certain other conditions are met. (Section 11.02) The Indenture does not restrict the merger of another corporation into Con Edison.

Modification of the Indenture: The Indenture contains provisions permitting Con Edison and the Trustee, without the consent of the holders of the Indenture Securities, to execute supplemental indentures to, among other things, establish the form and terms of any series of Indenture Securities issuable thereunder by one or more supplemental indentures and to add to the conditions, limitations or restrictions to be observed by Con Edison and to cure any ambiguity or to correct or supplement any provision contained in the Indenture which may be defective or inconsistent with any other provision contained therein or to make such other provisions in regard to matters or questions arising under the Indenture as shall not be inconsistent with the provisions of the Indenture and shall not adversely affect the interests of the holders of the Indenture Securities. The Indenture also contains provisions permitting Con Edison and the Trustee, with the consent of the holders of a majority in aggregate principal amount of the Indenture Securities of any series at the time outstanding, evidenced as in the Indenture provided, to execute supplemental indentures adding any provisions to or changing in any manner or eliminating any of the provisions of the Indenture or of any supplemental indenture with respect to Indenture Securities of such series, or modifying in any manner the rights of the holders of the Indenture Securities of such series; provided, however, that no such supplemental indenture shall (i) extend the fixed maturity, or the earlier optional date of maturity, if any, of any Indenture Security of a particular series or reduce the principal amount thereof or the premium thereon, if any, or reduce the rate or extend the time of payment of interest thereon, or make the principal thereof or premium, if any, or interest thereon payable in any coin or currency other than that provided in the Indenture Security, without the consent of the holder of each Indenture Security so affected, or (ii) reduce the principal amount of Indenture Securities of any series, the holders of which are required to consent to any such supplemental indenture, without the consent of the holders of all Indenture Securities of such series outstanding thereunder. (Sections 10.01 and 10.02)

Default and Certain Rights on Default: The Indenture provides that the Trustee or the holders of 25% or more in aggregate principal amount of Indenture Securities of a series outstanding thereunder may declare the principal of all Indenture Securities of such series to be due and payable immediately, if any Event of Default

with respect to such series of Indenture Securities shall occur and be continuing. However, if all defaults with respect to Indenture Securities of such series (other than non-payment of accelerated principal) are cured, the holders of a majority in aggregate principal amount of the Indenture Securities of such series outstanding thereunder may waive the default and rescind the declaration and its consequences. Events of Default with respect to a series of Indenture Securities include (unless specifically deleted in the supplemental indenture or Board Resolution under which such series of Indenture Securities is issued, or modified in any such supplemental indenture):

- (i) failure to pay interest when due on any Indenture Security of such series, continued for 30 days;
- (ii) failure to pay principal or premium, if any, when due on any Indenture Security of such series;
- (iii) failure to perform any other covenant of Con Edison in the Indenture or the Indenture Securities of such series (other than a covenant included in the Indenture or the Indenture Securities solely for the benefit of series of Indenture Securities other than such series), continued for 60 days after written notice from the Trustee or the holders of 25% or more in aggregate principal amount of the Indenture Securities of such series outstanding thereunder;
- (iv) certain events of bankruptcy, insolvency or reorganization; and
- (v) any other Event of Default as may be specified for such series. (Section 6.01)

The Indenture provides that the holders of a majority in aggregate principal amount of the Indenture Securities of any series outstanding thereunder may, subject to certain exceptions, direct the time, method and place of conducting any proceeding for any remedy available to, or exercising any power or trust conferred upon, the Trustee with respect to Indenture Securities of such series and may on behalf of all holders of Indenture Securities of such series waive any past default and its consequences with respect to Indenture Securities of such series, except a default in the payment of the principal of or premium, if any, or interest on any of the Indenture Securities of such series. (Section 6.06)

Holders of Indenture Securities of any series may not institute any proceeding to enforce the Indenture unless the Trustee thereunder shall have refused or neglected to act for 60 days after a request and offer of satisfactory indemnity by the holders of 25% or more in aggregate principal amount of the Indenture Securities of such series outstanding thereunder. Notwithstanding any other provision of the Indenture, however, the right of any holder of Indenture Securities of any series to enforce payment of principal of or premium, if any, or interest on the holder's Indenture Securities when due shall not be impaired. (Section 6.04)

The Trustee is required to give the holders of Indenture Securities of any series notice of defaults with respect to such series (Events of Default summarized above, exclusive of any grace period and irrespective of any requirement that notice of default be given) as to which it has received written notice within 90 days after the occurrence thereof, unless cured before the giving of such notice, but, except for defaults in payments of principal of, premium, if any, or interest on the Indenture Securities of such series, the Trustee may withhold notice if and so long as it determines in good faith that the withholding of such notice is in the interests of such holders. (Section 6.07)

Con Edison is required to deliver to the Trustee each year an Officers' Certificate stating whether such officers have obtained knowledge of any default by Con Edison in the performance of certain covenants and, if so, specifying the nature thereof. (Section 4.06)

Concerning the Trustee: The Indenture provides that the Trustee shall, prior to the occurrence of any Event of Default with respect to the Indenture Securities of any series and after the curing or waiving of all Events of Default with respect to such series which have occurred, perform only such duties as are specifically set forth in the Indenture and no implied covenants or obligations shall be read into the Indenture against the Trustee. During the existence of any Event of Default with respect to the Indenture Securities of any series, the

Trustee shall exercise such of the rights and powers vested in it under the Indenture with respect to such series and use the same degree of care and skill in their exercise as a prudent man would exercise or use under the circumstances in the conduct of his own affairs. (Section 7.01)

The Trustee may acquire and hold Indenture Securities and, subject to certain conditions, otherwise deal with Con Edison as if it were not Trustee under the Indenture. (Section 7.04)

The Bank of New York Mellon, which is the Trustee under the Indenture, is a participating bank under Con Edison's revolving credit agreement and is a depository for funds and performs other services for, and transacts other banking business with, Con Edison in the normal course of business.

Satisfaction and Discharge of Indenture; Defeasance: The Indenture may be satisfied and discharged upon delivery of all outstanding Indenture Securities for cancellation or if all other Indenture Securities are to be paid within one year, at maturity or upon redemption, upon deposit with the Trustee of amounts sufficient for such payment and all other sums due under the Indenture. (Section 12.01) In addition, the Indenture provides that if, at any time after the date of the Indenture, Con Edison, if so permitted with respect to Indenture Securities of a particular series, shall deposit with the Trustee, in trust for the benefit of the holders thereof, (i) funds sufficient to pay, or (ii) such amount of obligations issued or guaranteed by the United States of America as will, or will together with the income thereon without consideration of any reinvestment thereof, be sufficient to pay all sums due for principal of, premium, if any, and interest on the Indenture Securities of such series, as they shall become due from time to time, and certain other conditions are met, the Trustee shall cancel and satisfy the Indenture with respect to such series to the extent provided therein. (Section 12.02) The prospectus supplement describing the Indenture Securities of such series will more fully describe the provisions, if any, relating to such defeasance of the Indenture with respect to such series.

Reports Furnished Securityholders: Con Edison will furnish the holders of Indenture Securities copies of all annual financial reports distributed to its stockholders generally as soon as practicable after the mailing of such material to the stockholders. (Section 4.07)

DESCRIPTION OF COMMON SHARES

Con Edison's authorized capital stock consists of 500,000,000 Common Shares (\$0.10 par value per share), of which 311,102,989 shares were issued and outstanding as of July 31, 2018, and 6,000,000 preferred shares (\$1.00 par value per share) ("Preferred Shares"), of which no shares have been issued. Con Edison's Board of Directors is authorized from time to time to issue the Preferred Shares as Preferred Shares of any series and, in connection with the creation of each such series, to fix by the resolution or resolutions providing for the issuance thereof the number of shares of such series and the designations, relative rights, preferences and limitations (including dividend, liquidation and voting rights, preferences and limitations) of such series to the full extent permitted by the law of the State of New York, except that holders of the Preferred Shares shall not be entitled to more than one vote for each Preferred Share held. The Preferred Shares will have no voting rights, except as so fixed or as required by applicable law.

The following description of the Common Shares does not purport to be complete and is subject to, and qualified in its entirety by reference to Con Edison's Restated Certificate of Incorporation.

Dividends. Subject to any prior rights of Preferred Shares (if any should become outstanding), Common Shares are entitled to dividends when, as and if declared by Con Edison's Board of Directors, and Con Edison may purchase or otherwise acquire outstanding Common Shares out of funds legally available therefor.

Liquidation Rights. Subject to any prior rights of Preferred Shares (if any should become outstanding), upon liquidation of Con Edison, any remaining net assets of Con Edison are distributable pro rata to the holders of Common Shares.

[Table of Contents](#)

Voting Rights. Holders of Common Shares are entitled to one vote for each share. There are no cumulative voting rights. Holders of Preferred Shares shall have no voting rights unless, in connection with the issuance of Preferred Shares, Con Edison's Board of Directors provides voting rights (in which event the voting rights shall not be more than one vote for each Preferred Share held) or unless otherwise required by law.

No Preemptive Rights. Holders of the Common Shares are not entitled to preemptive rights.

Transfer Agent and Registrar. The transfer agent and registrar for the Common Shares is Computershare, P.O. Box 30170, College Station, TX 77842-3170.

Certain provisions of Con Edison's Restated Certificate of Incorporation and by-laws and New York law may have the effect of encouraging persons considering unsolicited tender offers or unilateral takeover proposals for Con Edison to negotiate with the Board of Directors and could thereby have an effect of delaying, deferring or preventing a change in control of Con Edison. These provisions include:

Authorized But Unissued Shares. As of July 31, 2018, 165,686,311 Common Shares and 6,000,000 Preferred Shares were authorized but unissued and 23,210,700 Common Shares were held by Con Edison or Consolidated Edison Company of New York, Inc. as treasury shares. Such shares could be issued without stockholder approval in transactions that might prevent or render more difficult or costly the completion of a takeover transaction. In this regard, Con Edison's Restated Certificate of Incorporation grants the Board of Directors broad corporate power to establish the rights and preferences of preferred stock, one or more classes or series of which could be issued which would entitle holders to exercise rights which could have the effect of impeding a takeover, including rights to convert or exchange the stock into Common Shares or other securities or to demand redemption of the stock at a specified price under prescribed circumstances related to a change of control.

Advance Notice By-law. Under Con Edison's by-laws, written notice of any proposal to be presented by any shareholder or any person to be nominated by any shareholder for election as a director must be received by Con Edison's Secretary at Con Edison's principal executive offices not less than 90 nor more than 120 days prior to the anniversary date of the previous year's annual meeting; provided, however, that if no annual meeting was held in the previous year, or if the date of the applicable annual meeting has been changed by more than 30 days from the anniversary date of the prior year's annual meeting, such notice shall be received by the Secretary no more than ten days following the date Con Edison publicly announces the date of the applicable annual meeting.

Section 912. Con Edison is subject to Section 912 of the New York Business Corporation Law. Accordingly, Con Edison may not engage in a business combination, such as a merger, consolidation, recapitalization, asset sale or disposition of stock, with any "interested shareholder" for a period of five years from the date that the interested shareholder first became an interested shareholder unless:

- the business combination, or the acquisition of stock that resulted in the interested shareholder first becoming an interested shareholder, was approved by Con Edison's Board of Directors prior to the interested shareholder becoming an interested shareholder;
- the business combination is approved by the disinterested shareholders at a meeting of Con Edison's shareholders called no earlier than five years after the date that the interested shareholder first became an interested shareholder; or
- the business combination meets certain "fair price" valuation requirements.

An "interested shareholder" is any person that is the beneficial owner of 20% or more of the outstanding voting stock of Con Edison or is an affiliate or associate of Con Edison that at any time during the prior five years was the beneficial owner, directly or indirectly, of 20% or more of the then outstanding voting stock of Con Edison.

PLAN OF DISTRIBUTION

We may offer the Securities (a) through agents; (b) through underwriters or dealers; (c) directly to one or more purchasers; or (d) through a combination of any of these or other methods of sale. Our Securities may also be offered in connection with forward sale agreements. We will identify the specific plan of distribution in a prospectus supplement, including: (1) the identity of any underwriters, dealers, agents or direct purchasers and the amount of the Securities underwritten or purchased by them and their compensation; (2) the initial offering price of the Securities and the proceeds that we will receive from the sale of the Securities; and (3) any securities exchange on which the Securities will be listed.

It is anticipated that any underwriting agreement pertaining to any Securities will (1) entitle the underwriters to indemnification by Con Edison against certain civil liabilities under the Securities Act of 1933, as amended, or to contribution for payments the underwriters may be required to make in respect thereof, (2) provide that the obligations of the underwriters will be subject to certain conditions precedent, and (3) provide that the underwriters generally will be obligated to purchase all such Securities if any are purchased. The underwriters or affiliated companies may engage in transactions with, or perform services for, Con Edison and its affiliates in the ordinary course of business.

In connection with an offering made hereby, any underwriter may purchase and sell the Securities in the open market. These transactions may include over-allotment and stabilizing transactions and purchases to cover short positions created by the underwriters in connection with an offering. Stabilizing transactions consist of certain bids or purchases for the purpose of preventing or delaying a decline in the market price of the Securities, and short positions created by the underwriters involve the sale by the underwriters of more Securities than they are required to purchase from Con Edison. The underwriters also may impose a penalty bid, whereby selling concessions allowed to broker-dealers in respect of the Securities sold in the offering may be reclaimed by the underwriters if such Securities are repurchased by the underwriters in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the Securities, which may be higher than the price that might otherwise prevail in the open market; and these activities, if commenced, may be discontinued at any time. These transactions may be effected in the over-the-counter market or otherwise.

The anticipated date of delivery of the Securities will be as set forth in the prospectus supplement relating to the offering of the Securities.

LEGAL MATTERS

Unless otherwise set forth in a prospectus supplement, the validity of the Securities and certain other related legal matters will be passed upon for Con Edison by Elizabeth D. Moore, Esq., Senior Vice President and General Counsel of Con Edison, and by Shearman & Sterling LLP, New York, New York. Certain legal matters in connection with the Securities will be passed upon for any underwriters by Hunton Andrews Kurth LLP, 200 Park Avenue, New York, New York 10166. Hunton Andrews Kurth LLP from time to time has performed and may perform legal services for affiliates of Con Edison.
